

FLUTE FINGERING CHART

When a number is given, refer to picture of the instrument for additional key to be pressed.

When two ways to finger a note are given, the first way is the one most often used. The second fingering is for use in special situations.

When two notes are given together (F# and Gb), they are the same tone and, of course, played the same way.

C	Db (C#)	D	Eb (D#)	E (Fb)	F	F# (Gb)	G		
Ab (G#)	A	Bb (A#)	B (Cb)	C	Db (C#)	D	Eb (D#)	E (Fb)	
F	F# (Gb)	G	Ab (G#)	A	Bb (A#)	B (Cb)	C	Db (C#)	D
Eb (D#)	E (Fb)	F	F# (Gb)	G	Ab (G#)	A	*Bb (A#)	B#	C#

*High Bb may respond better with right little finger up.

Trill Chart

See explanation of trills on Page 29. For trills not shown on this page use the regular fingerings.

T2 T1
Thumb Keys

		(or Trill only 2nd L.H.)			
	Start with left first finger up.				
	2nd Triller				
	(or Trill only 2nd L.H.)				
				Start with regular fingering for high G. Take high A:	
				Then Trill 3rd L.H.	
	1st Triller				
	1st Triller				

Note: When playing the right hand triller keys (y and z) use the third (middle) finger on key y and the fourth finger on key z.
